The Hokuyo UTM-30LX Scanning Laser Rangefinder is a small, affordable and accurate laser scanner that is perfect for robotic applications. The UTM-30LX is able to report ranges from 100mm to 30m (1mm resolution) in a 270° arc (0.25° angular resolution). Its power consumption — 12V 700ma — allows it to be used on battery operated platforms.
